

# Porthcawl Community Hwb Workshops

Calling all representatives from local community groups!

## Help shape the future of Porthcawl's new community space.

The Resilient Communities Team at Bridgend County Borough Council and Porthcawl Town Council are looking to establish and cost the need for a new community space for the town using funding from the Government's UK Shared Prosperity Fund.

It's important that this facility meets the needs and aspirations of local people, and we are asking for input from **local community groups** to help achieve that.

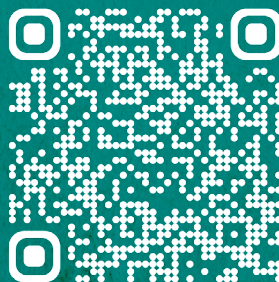

Join us to find out more, share your ideas, ask questions and help shape the future of this project.
